Once a year, we at American Apparel gather all the clothes in our factory to create a giant pile for you to dig through. Don't believe us? Last year, 4,000 people showed up to go through (and take home!) almost 200,000 garments. Discounts and fun abound!

Here's the rundown:

It's not just our clothes. This year we're planning on DJs, abundant food and drink, a slip n' slide, and screen printing. The fine folks at Cinefamily will be joining us to show hand-picked obscure films, and they're bringing Family Bookstore. And that's just the beginning. We'll be selling our wares (and our friends' wares) 'til the sun goes down.

After sunset, live music, special guest performers and a raving mad dance party take over.

So, pile your friends into the car, and show up early to beat the rush. Stay late to shake your butts! Carpooling is strongly encouraged, both for the sake of the environment and because parking is limited!
